

MANUSRI CHITUMALLA

Address: 18-30/1 Shivaji Nagar, Luxettipet, Mancheria, Telangana

Phone: 9951165942

Email: manusrichitumalla20@gmail.com

Linkedin url: <https://www.linkedin.com/in/manusri-chitumalla>

Professional Summary

Motivated and detail-oriented B. Tech student specializing in Artificial Intelligence and Data Science with a strong foundation in programming, data analysis, and machine learning. Passionate about leveraging AI-driven Full stack developer solutions to solve real-world problems and eager to contribute to innovative projects in the fields of Data Science, Artificial Intelligence, and Technology.

Education

B.Tech (Artificial Intelligence & Data Science)

Megha Institute of Engineering and Technology for Women, Hyderabad

Nov 2022 - Present

Intermediate (MPC), Akshara Junior College, Hyderabad

June 2020 - May 2022

S.S.C (Mathematics, Science, Social Studies)

Mother Teresa High School, Luxettipet

June 2019 - March 2020

Technical Skills

Programming Languages: Python, C, Node.js, R, HTML, CSS

Database: MySQL

Tools & Frameworks: TensorFlow, Keras, Pandas, NumPy, Matplotlib, Scikit-learn

Operating Systems: Windows, Linux

Core Areas: Machine Learning, Deep Learning, Data Analysis, Data Visualization, Natural Language Processing

Academic Projects

Automatic Food Image Classification using Deep Learning: The Automatic Food Image Classification using Deep Learning project identifies and classifies images based on the type of food they belong to. It uses Convolutional Neural Networks (CNNs) to analyze visual features, enabling accurate recognition of various food categories for applications like dietary tracking and smart restaurant systems.

Machine Learning Algorithm for Forecasting Mobile App Ratings: The Machine Learning Algorithm for Forecasting Mobile App Ratings project predicts app ratings based on user reviews, downloads, and engagement data. It applies regression and classification models to analyze patterns, helping developers improve app quality, and performance through data-driven insights and predictive analytics.

Artificial Motherhood Palm Feeling for Baby Sleep: Designed a smart system simulating maternal touch to help infants sleep peacefully using sensors and embedded AI models.

Achievements and Certifications

Academic Achievement award-2025

Fundamentals of digital marketing - Google

Introduction to Artificial Intelligence – Infosys| Springboard

Principles of Generative AI Certification - Infosys| Springboard

Code Unnati Completion(Advance Course) -Edunet Foundation| TASK| SAP

Python for beginners – Simplilearn

Introduction to Data Science – Simplilearn

R programming for beginners - Simplilearn

ESG Job Simulation completion certificate – Forage| Tata Group

Key Skills

Leadership | Problem Solving | Analytical Thinking | Team Collaboration | Communication | Adaptability | Creative Thinking

Languages Known

Telugu, English

Declaration

I hereby declare that the above information furnished by me is true and correct to the best of my knowledge and belief. I am committed to applying my skills and efforts to contribute effectively to organizational success.
